/01 About Us

About Us

Integrated Fitness & Sports Export Solutions

As a professional foreign trade company with over a decade of deep expertise in the fitness and sports industry, we specialize in delivering comprehensive, end-to-end solutions for global clients. Our services cover every link in the value chain—from product sourcing and international trade to gym design, smart operations systems, and logistics. We are committed to providing high-quality products and integrated services that help clients improve efficiency, reduce costs, and achieve long-term success in the global market.

Export Services: Full-Spectrum Support

We not only provide products but also offer 'system-level solutions'.

Product Sourcing & OEM Customization

We provide efficient sourcing solutions for fitness equipment and sporting goods worldwide, including OEM customization for equipment. Backed by a reliable supply chain, we ensure competitive pricing, strict quality control, and tailor-made product solutions for every client.

Sports Venue Design Services

Our experienced design team delivers bespoke planning services for a wide range of sports venues—from fitness gyms to basketball and football stadiums. Every detail is considered, from equipment placement to water dispenser layout. We offer a complete design package that maximizes space utilization, operational efficiency, and end-user experience.

Operational System Solutions

We provide advanced gym management systems to streamline day-to-day operations. From member management and activity scheduling to equipment monitoring, our solutions help clients run smarter, faster, and more profitably.

Import Services: Global Premium Equipment Brands

We not only provide products but also offer 'system-level solutions'.

We support Chinese clients by importing world-renowned fitness equipment brands such as Atlantis, Panatta, Prime, and Hammer Strength, ensuring access to the latest and most reliable equipment on the global market. Our services help domestic gyms build premium-grade facilities with top-tier products.

/02 Our Strengths

Our Strengths

Deep Industry Expertise

With over 10 years of hands-on experience, our team understands both the technical requirements and evolving market needs of the fitness and sports equipment industry. We deliver the most accurate, professional, and results-driven solutions.

Strategic Partnerships for Cost Efficiency

We collaborate with over 300 high-quality Chinese manufacturers, enabling us to offer overseas clients the best products at optimal prices—dramatically reducing procurement costs and enhancing competitiveness.

In-House Global Logistics

Our dedicated logistics team provides end-to-end international freight services, including door-to-door delivery, customs clearance, and fast shipping. Compared to industry averages, we reduce delivery time by up to 30% and cut logistics costs by at least 30%.

Customized AI Fitness Software Development

Leveraging China's robust tech ecosystem, we offer fully customized AI-powered software solutions for gyms and sports venues. From intelligent management systems to data-driven decision tools, we help clients digitize and streamline their operations.
